

Want to keep your existing analogue lines but need more capacity to cope with your expanding business or just need a separate line for the home office? Then add Orchid IP lines and save on call costs at the same time

From just £5.00 ex vat per month add a dedicated business line to your home or office broadband line.

- UK Local & National calls 1.5p
- Calls to mobiles from just 5p
- Low cost calls to International numbers
- Keep the same number or choose a new one
- Free Orchid Internet Adaptor (ATA) Supplied – No Delivery charge
- No installation or engineer required & No Activation Fee
- Use existing standard handsets – No need to buy any new equipment
- Call packages available to suit your needs and save you £££'s
- No long term contracts

**Do you already have an Orchid PBX system and need more lines?** With an internet adaptor connected to your router and spare line trunks we can supply you 1 or 2 additional lines, giving you a hybrid solution with both analogue and digital lines working side by side. All extensions can pick-up & transfer all lines.

Orchid also supplies traditional Landlines and Broadband Lines – get a quote and see what you can save.
